Lessons Learned

What do you like most about the product or service?

Very intuitive tool, top detection quality of persistent threats attack vectors/steps/methods.

What do you dislike most about the product or service?

Blocking/containment capability is missing. This is part of the design, but a feature that will greatly help organizations which struggle with automatic prevention of persistent threats.

Please explain the business problems or needs that prompted the purchase of this product or service.

Provide in-depth detection and prevention of persistent threats.

Nothing. a POC proved Vectra to be a top product.

What one piece of advice would you give other prospective customers?

Vectra is a top product that is very intuitive. If you struggle with security solutions that provide complex non-intuitive non-effective user experience, Vectra enables organizations to avoid struggling and achieve quick wins and elevated security in the near-term.

Evaluation & Contracting

5.0

Why did you purchase this product or service?

Other...
Improve compliance & risk management
Enhance decision making
Cost management

In depth detection and prevention of persistent threats.

What were the key factors that drove your decision?

Product functionality and performance
Strong consulting partnership
Overall cost
Strong services expertise

Which other vendors did you consider in your evaluation?

Darktrace

Integration & Deployment

5.0

How long did your deployment take?

0 - 3 months (<3)

Service & Support

5.0

Product Capabilities

	4.0
Integration	5.0
Customization	4.0
